BSD City 15345

Pre-kindergarten and Kindergarten St. John's Catholic School Icon Campus invited a child psychologist, named Ms. Kurniasih, M. Psi, on Friday, January 21, 2022. She described and shared early sex education with our students.

During these sessions, students were divided based on their genders and learned more about their private areas. Students were also introduced to how humans were born into the world, how to recognize their body parts, gender, good or bad touch, and a little talk about child pornography. They also sang the *Sentuhan Boleh-Sentuhan Tidak Boleh* song together with their friends.

At the end of the activities, our students had some discussions related to sex education, too.

By having this early education, we hope each student will be more aware of their private areas and remember to always be thankful for their body.

~Ms. Emmi

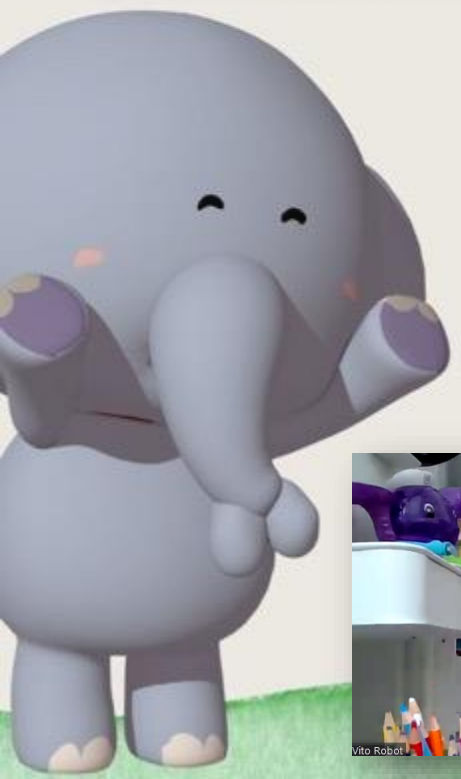

PLAYDATE Ba Li Ta CERDAS

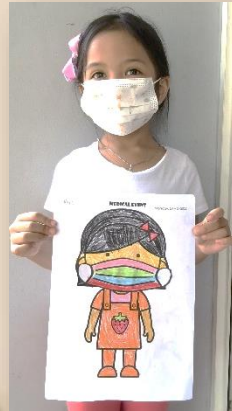

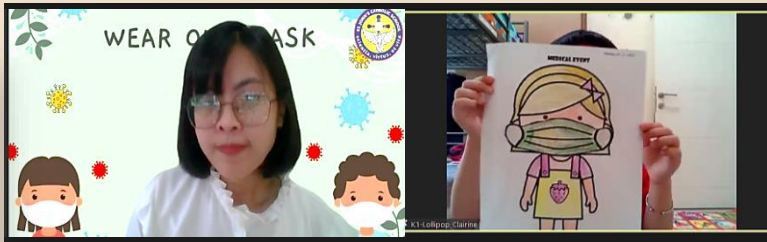

In Collaboration with:   

MUSICAL STORYTELLING BABA BERANI BERPENDAPAT

For early-age students, learning is not only about numbers and the alphabet. They are also improving their social and emotional skills. And to be more aware of those skills, SJKG Icon collaborated with BaLiTa, who had puppet storytelling about emotions, friendship, and values from Baba, Lili, and Tata characters. We also sang together, enjoyed the story, and did great art and craft activities.

To prevent the spread of the Covid-19 virus, the Government has issued a rule to always keep a distance when leaving the house, working, worshiping and while studying. Moreover, of course you have to wear a mask! Therefore, teaching children to wear masks from an early age is very important, so that when children do activities outside the home such as playing and at school, they are accustomed to using masks. So that children's health is maintained.

In Kindergarten school, we are always updated to teach healthy habits to children such as teaching our students how to use masks properly and correctly. It is really fun activities!

Always remember that you also have to always wear a mask when you are outside the house. Keep healthy and always stay hygiene!

~Nurse Cintya

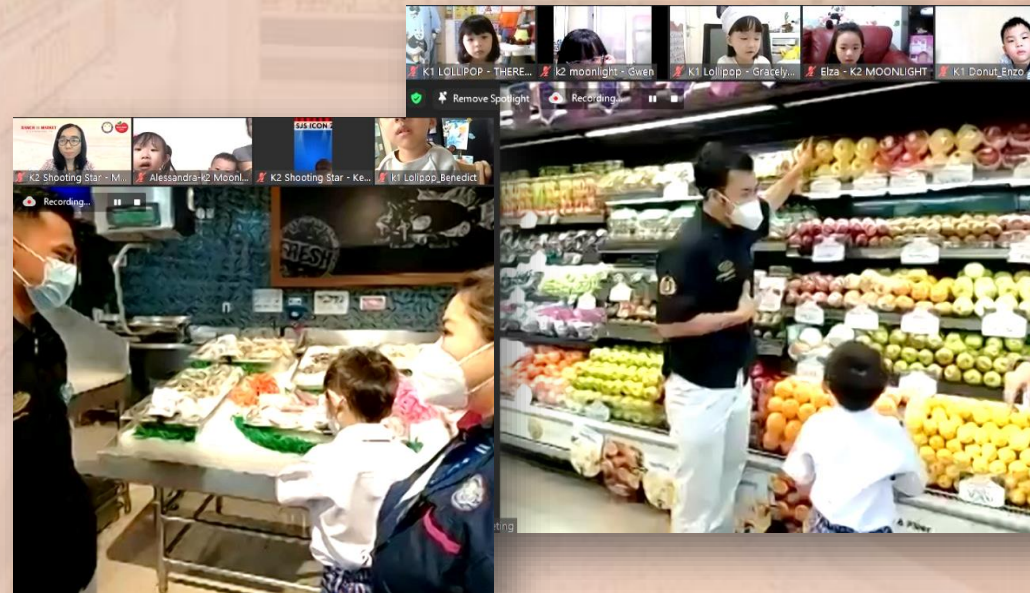

RANCH 99 MARKET®

it's a balanced life

Our Kindergarten students had an opportunity to see and learn about the wide variety of foods and fruits in the Ranch Market store.

They also had a fun time cooking with the real chef. Each of our students tried their best to make kimbap and jumeokbap.

It was such a great experience for each student during this pandemic time.

Kimbap

Ash Wednesday is one of the important celebrations to mark the start of the Lenten period leading up to Easter.

On March 2nd, 2022, students, teachers, parents, and staffs of all Saint John's campus were having this eucharist celebration and blessing of Saint John's Icon campus building.

Father RP Arnold Ndiwa CMF did some blessings to acknowledge God as the source of all blessings and put positive energy into each class, room, or facility in Saint John's Icon building.

YOUR
FATHER
WHO SEES
IN SECRET
WILL
REWARD
YOU.
MATTHEW 6:4

Ash
Wednesday

On Thursday 21st April 2022, we celebrate Kartini's Day. We did it virtually and with all levels, from Kiddy to kindergarten. We started the celebration by singing Indonesia Raya and Ibu Kita Kartini. Some talented students also showed their drawing abilities about Ibu Kartini.

Ms. Oline shared the story of Kartini's struggle for women's education. From the story of Ibu Kartini, we know how important education is in everyone's life. Ibu Kartini was able to change mindsets and inspire education, especially for women. We are proud to have a female heroine like Ibu Kartini!

We also learn how to thank our mother for encouraging us to do many things and how to respect our teachers for assisting us in receiving a good education through this celebration.

We have some activities to enliven the day, such as kindergarten 2 students performing the song Ibu Kartini, greeting cards decorating for kindergarten 1 students, and family photographs for PreK and Kiddy students. And sure, all activities have a theme of Ibu Kartini. We had so much fun and are really excited about celebrating this event. God bless all Kartini in our beloved Indonesia.

Harì Raya Paskah

Pre-K & Kindergarten-Icon Campus

Easter is a celebration of the death and resurrection of the Lord Jesus Christ, the savior of the world, who suffered, died, and rose again to redeem the sins of the world.

This year, the Jakarta Diocese Church (KAJ) took on the theme of "Love, Care, and Witness more". The aim of the theme is to show that love, care, and witnesses are the people who can open their eyes and hearts to every poor person between us. Before celebrating Easter, students were invited to abstain and fast in a simple way by helping others around them by setting aside pocket money to donate to people in need into their respective savings.

Students were also involved and took part in the Easter activities together, which were held virtually on April 28, 2022. In this Easter activity, students listened to the story about the resurrection of Jesus from Sr. Anastasia Mau FdCC. The students were very enthusiastic about hearing the story and were quick to ask questions and share their understanding of the resurrection of Jesus.

This event ran smoothly with several activities, like decorating Easter eggs, making rabbit hats, and making Easter cards for parents. May this Easter leave a gracious impression on children, parents, and every Christian around the world.

YEAR END 2021 - 2022

ST. JOHN'S THE ICON

The academic year 2021–2022 is coming to an end. We did it well. To celebrate our happiness, we meet at Zoom link starting from Kiddy – K1 level. Taken from the bible verse Galatian 6: 2 "Carry each other's burdens and so you will fulfill the law of Christ."

We believe that no one does anything alone. You can help friends and family get through any big or small obstacles, and they will also do the same for you.

Kak Maulana, a comedian magician, performed magic while telling his interesting story. We love it! We were surprised and excited because the magic show was attractive and funny. These shows are a mix of science and comedy. The tricks shown by the magician really captured our attention and made us intensely curious and interested in knowing how they were done. At the same time, we also had some interaction with the magician and his puppet friend. From the Pirates theme for our Year-End celebration, we learn to have a flexible and curious mindset and create a sense of wonder. We are ready to explore many things, be creative, and have fun in the upcoming school year.

Kindergarten Graduation

THE FUTURE GENERATION

IN ALL YOUR WAYS ACKNOWLEDGE HIM, HE SHALL DIRECT YOUR PATHS.-PROVERBS 3:6
10th June 2022

Graduation is a special and unforgettable event for TK 2 students because they will continue their journey from kindergarten to elementary school.

This special event began with opening remarks by Kayla Aurora Phrang and closing greetings by Aurora Teresa Hantoro. Our school director, Mr. Ladislaus Naisaban congratulated our graduates with his remarks. Mr Peter Kambey, representative of kindergarten 2 parents, spoke of his joy and gratitude for our school. We also proudly presented Arka Narada's speech as the best student in the class of 2022.

It seems like just yesterday you were a kindergartener who just entered school, now it is our pleasure to see you grow and achieve so much over some pandemic years. Hope you know how proud we are and we wish you the best luck on your next journey. ~Ms. May
