Satuan Pendidikan Kerjasama (SPK) Partnership

Since 2015 Saint John's Catholic School (SJCS) is entitled to use the name SPK or Satuan Pendidikan Kerjasama. It is in line with the Peraturan Menteri Pendidikan dan Kebudayaan (Permendikbud) no. 31 tahun 2014 which differentiates an international school from a school with international cooperation. The term international school is now exclusively addressed to the school which is only provided for the children of the Foreign Diplomatic Corps.

Schools with international cooperation under the label of SPK should provide three main subjects: Civics, Bahasa Indonesia, and Religion. Both institutions, the Indonesian school and the Foreign Educational Institution, should have an A accreditation.

Saint John's Catholic School collaborates with Edexcel International to help SJCS students cope up both the national and international curriculum. The curriculum team from SJCS is working on establishing Saint John's curriculum that collaborates with the national and international curriculum as a platform for the student's ability to study abroad.

Saint John's aims to develop the best out of its students, and to prepare them to be ready for the international challenges. Aside from the collaboration with Edexcel International, Saint John's Catholic School is also a part of PASCH, Schools: Partners for the Future. Through cooperation with Goethe Institut, students from PASCH schools are able to learn German language earlier, and be prepared to continue their studies in Germany.

Aside from Pearson Edexcel and PASCH, Saint John's Catholic School also has a wide range of institutional cooperation with local and international universities. Through this cooperation, our students are guided in preparation for the HSK examination to improve their fluency in the Mandarin language.
